Master of Arts in Arts Management

Internships – Why?

The Master of Arts in Arts Management Internship Program is designed to provide students with the overall professional knowledge, skills, and judgment necessary to advance to various levels of management and leadership in visual and performing arts organizations. Internships are at the heart of the Arts Management curriculum. Six of the 36 required credits of the Program are in internships.

An internship is a structured and mentored learning experience that offers the student a chance to experiment while gaining valuable skills and insights that can only be learned on the job. More specifically, internships are important to your future marketability because they provide valuable career-related work/learning experience and the opportunity to:

- test out, clarify, and confirm your career goals.
- put your education into practice.
- develop skills that enhance future professional employment.
- make professional contacts in your field.
- possibly gain an employment offer upon graduation.

Requirements and Steps

Arts Management students are required to complete a total of six (6) internship credit hours – two (2) Internal Internship credits and four (4) External Internship credits. The External Internship may be completed all at once or in two (2) credit segments over two semesters. *****Please be sure you matriculated (catalog year) Spring 2015 or before. There are different internship requirements if you matriculated Fall 2015 or after.*****

STEP 1: Email the Internship Coordinator with your resume, a brief description of your career goals, interest areas, and possible sites. Please state how many hours of coursework you have completed in the Program to date.

STEP 2: Meet with the Internship Coordinator to identify organizations and internships that align with your career and learning goals. You finalize your resume and cover letter with assistance from the Internship Coordinator as needed.

STEP 3: Apply directly to internship openings. Upon acceptance of an internship, you are required to complete a Learning Contract (pages 7 -13).

STEP 4: Upon receipt of the completed and signed Learning Contract, the Internship Coordinator issues a registration override for the internship course. You must then login to your PatriotWeb account and register for the appropriate internship course.

During the Internship:

- Students keep a **Log of Hours and Activities** (use form on page 14). Your schedule can be configured in any way. Logs must be completed weekly and signed by the on-site supervisor.
- **Journal Entries** are to be compiled throughout the internship. Please see page 15 for journal entry guidelines.
- The Internship Coordinator may ask for Log of Hours and Activities and Journal Entries at any point during the course of the internship.
- Any problems should be reported to the Internship Coordinator immediately.
- If the student feels that he or she is not being challenged enough in the internship then they are to notify their site supervisor and the Internship Coordinator immediately. A great deal of time and effort has been invested up to this point, and we want to do whatever is possible to re-invigorate the existing internship or to conclude it so that the intern/graduate student can maximize this experience.

During the last few weeks of the semester's classes:

In order to receive a grade upon completion of the internship, a **portfolio** must be submitted **one week after the last day of your internship or by the last day of classes, whichever comes first**. These documents must be submitted in a structured electronic format such as PowerPoint or one PDF document. Your portfolio must be professionally presented and include the following:

- Overview of internship including information on the organization
- Compiled Log of Hours and Activities (See page 14; signed by on-site supervisor)
- Compiled Journal Entries (See page 15; combined into one document)
- Student Evaluation of Internship (See page 16)
- Supporting materials documenting work completed (press release, special events invitation, flyers, mailings, grant application, database, etc.)
- Site Supervisor Evaluation of Intern (See pages 17-19; Form submitted separately by supervisor)

If internship hours are not completed due to an emergency or issue with an internship site, a temporary grade of IN may be requested and approved by the Internship Coordinator. Students who are completing an internship in the same semester in which they are graduating must receive a grade (an IN is not permitted).

Frequently Asked Questions

How soon should I get started?

Unless advised otherwise, students should begin planning their search for internships in their second semester. Students may not complete/enroll for an internship for credit until they have acquired at least **9 credit hours of satisfactory coursework**, without the expressed permission of the Internship Coordinator.

What is an Internal Internship (740)?

An Internal Internship is completed within a department, school, or affiliated organization on a George Mason campus. Possibilities include: Center for the Arts, Hylton Performing Arts Center, Potomac Arts Academy, Asian American Music Society, School of Music, School of Art, School of Dance, School of Theater, Game Design Program, CVPA Development Department, CVPA Marketing and Communications Department, and CVPA Finance Department. A breakdown of internships are listed here:

<http://artsmanagement.gmu.edu/internships/>

What is an External Internship (790)?

An External Internship is completed with an outside arts organization. The DC metro area affords many internship opportunities. Students can also do an External Internship outside of the DC area and abroad.

Students cannot complete an internship for academic credit in the state of Maryland (see FAQ below). External Internship organization possibilities are listed (but not limited to) here:

<http://artsmanagement.gmu.edu/internships/>

Why can't I do an internship in Maryland?

Upon the advice of the Office of University Counsel, with the conclusion of the Spring 2014 semester, George Mason University cannot grant credit for internships or practica conducted in Maryland. This directive follows recent changes in the application of State of Maryland regulations. No exceptions.

Can internships be substituted for students with work experience?

A student with 2,000 or more hours of work *in arts management* may opt to take two additional elective credits in lieu of the Internal Internship. Your resume must prove that you meet this requirement. Eligibility for this option *must* be approved by the Internship Coordinator. All students, regardless of work experience, must complete an external internship (790).

Can current or past work count toward internship credit?

No. Your current or past paid part- or full-time job cannot be counted toward internship hours or credits.

Can the internal and external Internship be completed in the same semester?

Unless otherwise advised, students should complete their internships in the order and time frame as suggested under the question *How soon should I get started?*

Can I do an internship in my first semester in the Program?

No. Students may not do an Internal or External Internship for credit in their first semester.

How do I find an internship?

Initially your advisor will discuss which semester may be appropriate to complete an internship based on your course schedule. Then the Internship Coordinator will be able to assist you in your search for internship openings. Plan ahead! While internships are available in almost any type of organization,

some of them are structured, competitive programs, requiring a formal application process. The student must understand that coordinating the approval of a new site may take time and may not allow the student to register for the experience in that particular semester.

Where can I find internship sites?

Information about internship possibilities can be found on the Arts Management website, in the Weekly Announcements, on arts job posting websites, and individual organization websites. All new internship announcements are posted here:

<http://artsmanagement.gmu.edu/category/internship-opportunities/>

How do I enroll in an internship?

To enroll in an internship for academic credit through the Arts Management Program, you must have the approval of the Internship Coordinator. Your request for an internship will be assessed individually to determine how the placement fits into your academic and career goals. You may register for an internship in the Fall, Spring, or Summer terms. Students need to register for an internship during the semester the internship takes place. A student doing an internship during the summer who won't finish until September or October, for example, can register for the internship in the fall.

How do I register for 740 (2 credits internal) or 790-01(2 credits external) or 790-02 (4 credits external)?

You will only receive approval to register for an internship course if you have been offered and accepted an internship. You must complete the Learning Contract and submit to the Internship Coordinator, who will give you permission to register for the course in PatriotWeb. Your Learning Contract must be submitted prior to the first day of your internship.

What are other tips that can help me select an internship?

- Start by analyzing your skills and interests, academic, and career goals. Draft your resume and ask friends and family or your advisor to critique it for you. You can also bring your resume to Career Services for assistance (<http://careers.gmu.edu>)
- Think about what kind of experiences you want. What kinds of organizations sound intriguing? What are your schedule constraints - how many hours? When can you begin and end? Any geographical limitations?
- Narrow your search to a manageable number of organizations, and rank them according to some criteria (e.g., your favorite organization, ideal locations, stipend available, etc.). Try to get complete information on what each organization does, whether or not it has a formal internship program, and any application requirements.
- Develop a plan for each organization internship site. Review your resume and cover letter to be sure it is tailored to the internship position opening.

What are the typical internship application requirements?

Organizations typically require a cover letter, current resume, recommendation letter(s), and academic transcript. These materials should be prepared ahead of time.

How many hours do I have to work at the internship site?

- Graduate internships require a minimum of **42 hours per credit earned**.
- **Graduate Internal Internship:** Equivalent to two (2) credits. It is recommended to work between 6-8 hours per week over the 14 week semester or a minimum of 84 hours in varied configurations.

- **Graduate External Internship:** Equivalent to four (4) credits. It is recommended to work between 12-16 hours per week over the 14 week semester or a minimum of 168 hours in varied configurations.

Some internships will require a longer period of time to complete with fewer hours per week for some venues, particularly for students who have full-time jobs. Please note that these are the minimum hour requirements. Your site may require you to work more hours beyond the university requirements.

How will I be graded?

You will be assessed on the progress you make toward your learning objectives. Multiple methods will be used to assess your performance, including your journal entries, logs, a formal written evaluation from your on-site supervisor, and the professionalism and content of your portfolio. The Internship Coordinator will routinely check in with you and your site supervisor throughout the course of your internship.

When is my portfolio due?

Your portfolio is due one week after your last day at your internship site or by the last day of classes, ***whichever comes first***. The deadline may be earlier for students who are graduating during the semester in which they are completing an internship. Please check for email updates from the Internship Coordinator containing important information regarding deadlines and other requirements. ***You must submit your portfolio by the last day of classes in the semester in which you are registered even if your internship extends past this date.***

What do I do if I have a problem during my internship?

Complaints or issues regarding your internship experience, work environment, or site supervisor should be brought to the attention of the Internship Coordinator immediately.

Getting the Most Out of Your Internship

Getting the most of your internship involves making some effort to explore how the information you have learned can be applied in real world settings, and taking initiative in making your internship a good learning experience. Plan ahead in taking your internship. Start lining it up and completing all the required paperwork early. Begin the internship with an understanding of what the organization does. Consider this internship a job. Make a habit of being punctual. Attitude is an important aspect of enjoying a successful internship. Interns may not always get to do the jobs they would rather be doing. Remember that you are a reflection of the Arts Management Program and George Mason University.

Journal Entry Guidelines

You are required to keep a journal during your internship. The journal is submitted to the Internship Coordinator at the completion of the internship. Journal entries help you reflect on your internship experiences and its relevance to your goals/objectives. *The Internship Coordinator may ask for journal entries to date at any time during the course of the internship.*

Format

Minimum one-half page length (double-spaced) entries every week. Compile all journal entries in one document.

Content

Entries are not meant to be routine recitations of facts. Rather, they should represent your thoughts about the experience, what you are learning and questions yet to be resolved. Suggested formats, topics and/or questions one may discuss:

- What are you doing? How does it fit with what you expected? What kind of orientation to the site and co-workers do you have? Do you have a sense of the “big picture” yet for your organization? Do you have regular meetings with your supervisor (contact, feedback, etc.)?
- Interview co-workers, managers and perhaps people in other departments about their background (professional or other preparation for their jobs); how they came to work there; rewards or frustrations; advice to you about getting in the field.
- Skills needed to be successful at this job (as intern and also as a career)? What are you discovering about yourself? Surprises?
- Connections with courses and other previous learning? (specific examples)
- Progress on your academic project? How does work on your project illuminate aspects of your work at the site (or vice versa)?
- Can this (external) internship experience be expanded on for my Capstone?
- Value of internship for you concerning the remainder of course work and/or relative to postgraduate plans?
- How did you implement your arts management coursework in this internship?
- How did this internship give you a better understanding of the course work?
- Will this internship impact your future management style? How?
- Challenges, worries, frustrations, etc.
